

Parent Consultation Clinic

As a parent are you concerned about your child`s development, behaviour or mental health?

Are you confused in relation to where you need to go next with your child and which service is the right one to meet your child`s needs?

The Parent Consultation Clinic can guide you in the right direction. It offers:

- Screening and guidance
- Evidence based advice on child development, behaviour and challenges as they arise
- Signposting and pathway advice for parents
- Consultation from 2 clinicians each with over 25years experience and backgrounds in Psychology, Mental Health Nursing and CBT
