Aimed at Parents of Second-level students, Career Guidance Counsellors, Year Heads and TY Co-ordinators, this course looks at ways to assist students to make good course and career choices, with personality being a key determinant in the process. Observations, approaches, tests and real-life testimonies to support the student are shared. This is a highly engaging seminar, enjoyed by student, parent and teacher.

Matching Personality to Career Choice - this is a really great course to help focus students in Senior Cycle, who are considering their options and career choices for CAO. Parents find it particularly helpful so as to be better able to support their child(ren).
