**Re: Confirmed case of COVID-19 at [ Intermediate School, Killorglin, Co Kerry ]**

---

A confirmed case of COVID-19 in your child's school has been notified to the Department of Public Health HSE-South.

**A public health risk assessment has been undertaken. Anyone identified as a close contact of the confirmed case is being contacted and advised accordingly.**

**If your child has not been identified as a close contact at this time, your child does not need a test for COVID-19, they can continue to attend school, and no further actions are required at this time.**

If your child develops any symptoms suggestive of COVID-19 infection (such as a cough, a fever, loss or change in sense of taste or smell):

- Your child should then stay at home *and*
- You should phone your GP for further advice

The Department of Public Health HSE-South is monitoring the school situation.

Further information on COVID-19 is available at: [www.hpsc.ie](http://www.hpsc.ie) and [www.gov.ie](http://www.gov.ie)

Yours sincerely,

Dr Margaret O' Sullivan
