## GENERATION APPRENTICESHIP COMPETITION IN SECOND LEVEL SCHOOLS AND CENTRES

**DEADLINE CONFIRMATION**

**DEAR SCHOOLS AND CENTRES**

## YOU STILL HAVE TIME TO COMPLETE A WINNING ENTRY!

We are delighted to confirm Friday **07 May 2021** as the deadline for the Generation Apprenticeship competition in second level schools and centres.

We had a few queries regarding the digital nature of Category 2 in the Competition ([link here](#)). We are happy to confirm the digital version of the letter A image can be created using:

- Digital drawing tools, clip art or other images
- A photograph of household or everyday objects shaped into an A image

### Submitting your entry

To enter, each team/individual should submit a short video recording (max 3 minutes) or a Powerpoint presentation which includes images of their Category 1 or 2 entry. The submission should include a short explanation of the design of the A, the creative process, what the A is made of, and the sustainability messages the entry includes.

If you need any assistance when making an entry or if you are concerned about meeting the entry deadline, please get in touch via [gacompetition@solas.ie](mailto:gacompetition@solas.ie) and a

member of the Generation Apprenticeship team will contact you.

Big thanks to everyone who has already submitted an entry and we look forward to receiving lots more by the 07 May deadline!

**Dr Mary-Liz Trant**, Executive Director, SOLAS and the Generation Apprenticeship competition team
